DETAILED ACTION

Allowable Subject Matter

1. Claims 1-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: the method of heating a packaged food product of independent claims 1, 9, and 18 define over the prior art of record since the prior art does not teach, suggest, nor render obvious providing a food product within a non-edible sealed package and heating the packaged food on a roller-type grilling machine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Schirmer [Pat. No. 3,215,338] and Baldwin et al [Pat. No. 6,220,152] teach methods of cooking foods in cylindrical packages.
